

WiCS x STEMHUB Fundraiser

U of T WiCS, as a council, has been deeply saddened by the recent events that have transpired regarding the cases of George Floyd, Regis Korchinski-Paquet and countless others. We have always been dedicated to encouraging women and minorities in the computer science community to succeed, and through that, promoting equality. However, we have a long way to go still in showcasing our support. This is just the start.

We have organized a raffle to raise money for minority groups in STEM to support the black community in Canada within our sphere. We have partnered with STEMHUB Foundation, an incredible group dedicated to providing STEM education through free, creative, and hands-on skills development programs to encourage females, visible minorities, and underserved youths to pursue science, technology, engineering and mathematics (STEM) careers.

For a \$5 donation to STEMHUB Foundation, you will receive ONE ENTRY in a raffle to win one of the following prizes:

- A University of Toronto WiCS sweatshirt
- An instax mini camera with film
- A \$200 PEER Group swag bag containing a Yeti tumbler, jacket and more
- A resume review and career chat with a Sr. Tech Campus Recruiter at BMO
- An XBOX One S and Microsoft socks

We'd like to thank the U of T bookstore for donating a unique U of T WiCS sweater, Accenture for contributing an instax camera with film, PEER Group for generously providing a PEER Group swag bag, BMO for kindly offering a resume review & career chat, and Microsoft for their wonderful contribution of an XBOX One S and socks to support this cause.

The raffle will be open from June 16th - July 16th to anyone with a Canadian address who wishes to participate (you do not have to be a U of T student!). We invite you to regularly check our socials for updates & daily features of inspiring black individuals in the STEM community.
