

CSBERG PRESENTS

SYNB2 - Synthetic Biology Implementation Science

Translating science requires more than theory, experiments, and coding. Synthetic Biology will power the future bioeconomy, but the implementation of its innovations requires social and commercial considerations.

Ready to explore?

Learn more about our workshop [here](#).
We have *limited capacity*. Sign-up [here](#)!

When: Saturday & Sunday (2-4PM EST)
February 5-6, 12-13, 19-20, 26-27

Sign-up closes **January 25, 2021**
